PACHIRA
EMPOWER GIVING

CHALLENGE GOALS

Pachira will work with the successful candidates to create internship positions that are relevant to the students' respective program (degree) and that will best utilize and develop the individual students' education and desired skills.

CHALLENGE INSTRUCTIONS:

Pachira empowers giving. Our mission is to enable you to create impact in your communities, your world. We want to hear from you what that impact would be - what cause, social initiative, or charity? Then tell us what you would do to create that impact.

The challenge is to use your imagination and creativity (no limits, no boundaries to your vision)!

1. What is your social initiative or cause? What impact do you want to create in your community or the world? (Does not have to be an existing not-for-profit organization or social project)
2. Why is the cause, social initiative or charity important to you?
3. How will you make it happen, how would you support it, or how would you solve the social issue/cause. Your creativity in this section is the only determining criteria in our selection and in awarding the internship.

Visit our website for more details and to take the challenge. Be creative, be impactful! Submission can be provided in a format of your choosing: a short video clip, an infographic, an interactive website, a newsletter - whatever format works best for you to showcase your creativity.

WWW.PACHIRA.CA/CHALLENGE

Submission must be received by November 16, 2020 4:00pm MT for a chance to win one of two internship positions.

NOTABLES:

1. Applicants must be enrolled or will be enrolled at a post-secondary institution at the start of the internship. Successful student(s) can select any term within 2021 to start their internship.
2. Pachira will have complete discretion in determining finalists, and its selection process and decisions.
3. All positions are subject to funding approval by the selected Student Work Placement Program delivery partner(s).
4. There are two paid internships available to be awarded to two successful candidates, (max. 20 weeks duration, flexible hours, work from home).
